### FISCAL SERVICES AUDIO OFFERINGS

**Audio Products Available.** The Legislative Services Agency (LSA) offers many of its publications in an audio format. Legislators facing the long drive to Des Moines or back home may be interested in some of these. Publications available in audio and/or video format are listed on the General Assembly [website](#), along with download instructions.

**Fiscal Services Products.** In addition to the [Conversations About Government in Iowa](#) series (see the earlier Fiscal Update [article](#)), the Fiscal Services Division of the LSA provides audio versions of Issue Reviews, providing detailed information on issues facing State government. Fiscal Update news articles are also provided in audio format on a monthly basis.

**Issue Reviews.** The complete list of Issue Reviews, with links to both the written and audio versions, can be found [here](#). Once the written version is published, it may take a week or more for the audio version to be made available on the website. If you see an Issue Review on the list that does not offer audio, check back again soon. The following are the latest Issue Reviews, all of which were published this week. The audio versions should be available by the end of the month:

- [Overview of State and Federal Water Quality Programs](#)
- [Department of Administrative Services Offset Programs](#)
- [Funding for the Adult Mental Health and Disability Services System](#)
- [General Fund Appropriation Trends](#)
- [Iowa Fund of Funds](#)
- [Iowa Road Funding](#)
- [Office of the Chief Information Officer](#)
- [Property Tax System Modifications – Senate File 295](#)
- [State of Iowa Expenditure Limitation Process](#)
- [Statewide Cost Allocation Plans and Indirect Cost Recovery](#)
- [Township Governance in Iowa](#)

**Fiscal Update Articles.** The Division publishes brief news articles, including summaries of meetings of State boards and commissions, State agency news releases, updates regarding the State budget and related financial issues, and audit reports for State agencies and local government entities. The individual articles are published in a timely manner. The audio version is a compilation of all the articles published in a particular month. The articles and the monthly audio compilations are available [here](#).
